bathtubs that redefine the personal escape

Rhythm in blue. Beneath a blanket of sky blue, the water's ebb and flow melts away the day, touching the depth of your soul. Here in your place of escape, you soak in serenity.

This is the impetus for Mirolin's newest level in luxurious bathing - Azzura. Borrowed from the Italian word *azure* meaning "sky blue," Azzura's European stylings celebrate the sensory experience of immersing oneself in nature's purest cleanser. Reflecting nearly three decades of craftsmanship, Azzura is created for those who desire luxury in the extreme.

Acripulse Whirlpool

Powered by a 1.5* HP pump/motor, each Acripulse Whirlpool Jet has a larger nozzle than a standard whirlpool jet, allowing for more flow of water and greater massaging action. Equipped with 6* colour coordinated power jets as standard. You may also upgrade to polished chrome or polished brass. An upgrade to the Comfort Aqua back jet system is also available. *Sueno whirlpool is equipped with 7 AWS jets and 2HP pump/motor.

Jet Air Massage

The exceptional therapeutic action of the Jet Air Massage system is achieved through the strategic placement of 18 to 24 air jets along the lower perimeter of the tub. A bath-mounted electronic touch pad allows you to adjust the speed and rate of pulsation. Polished chrome jets are standard and an upgrade to polished brass is available at no charge. An upgrade to the Comfort Aria back jet system is also available.

Ultimate Combo

Our combination Acripulse Whirlpool/Jet Air system gives you the best of both worlds - hydrotherapy and air massage. The system includes six Acripulse Whirlpool Jets and 16 to 22 air jets, depending on the size of your tub. All ultimate combination tubs are offered in polished chrome trim as standard, or you may upgrade to polished brass trim. An upgrade to the Comfort Aqua back jet system is also available.

Comfort Aqua System

With our Comfort Aqua back jet system, you can lean in to ultimate comfort. The system comes with all standard whirlpool features, plus 5/7 (Uno) or 10/14 (Duo) colour co-ordinated mini spinner jets ideally situated along the lower back and lumbar for an exquisite massage. An upgrade to polished chrome or polished brass jets is available. The Comfort Aqua System is automatically upgraded to polished chrome when ordered in conjunction with the Ultimate Combo.

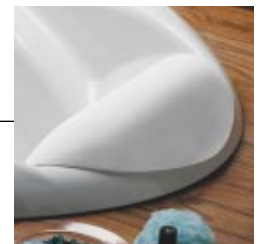

Comfort Aria System

The Comfort Aria System combines the therapeutic qualities of the Jet Air massage with additional massaging action from 5/7 (Uno) or 10/14 (Duo) Aria air jets focused on the lower back and lumbar. Aria jets are offered in polished chrome as standard, but are also available in polished brass at no extra charge. Not offered in conjunction with the Ultimate Combo.

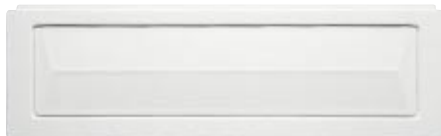

Whirlpool Heater

With a factory installed 1500W whirlpool heater, you can stay in the bath until *you're* ready to get out - not when the water is too cold to stay in. Our whirlpool heater maintains the water temperature at a luxuriating 40 degrees Celsius.

Optional Pillows

Our soft, inviting pillows have been custom-designed for the Azzura line to provide ultimate relaxation and ergonomic neck support. They are available in white, black and azzura blue. Available on limited number of bathtubs, in designs specific to models.

Aprons

Our selection of complementing aprons is available on a limited number of Azzura models. While adding to the charm of the bathroom décor, these acrylic removable aprons also allow easy access to the plumbing and electrical systems beneath the bath.

Mechanical Waste and Overflow

This all brass waste and overflow system is the perfect finishing touch for your Azzura bathtub. Not only does it add to the aesthetic appeal of the unit, it also prevents water spill over.
